Presentation of a formal request for these facilities from several Glades groups, was made Monday by County Commissioner Paul Rardin, Canal Point, who presented resolutions from the City of Pahokee, City of South Bay, Canal Point Lions Club and the City of Belle Glade.

In addition to the request for the county facilities, both Pahokee and Belle Glade officials, offered space in their respective cities to house the county offices.

State Senator LeRoy Collins Florida's Next Governor By 65,000 Majority

Floridians Tuesday chose State Sen. LeRoy Collins, of Tallahassee, over Acting Gov. Charley Johns to serve out the two remaining years of the term of the late Gov. Dan McCarty.

Johns, who will continue to carry out the duties of governor until January, then resume his seat in the State Senate, conceded defeat in the unprecedented special Democratic runoff primary at 9:25 p. m. Tuesday night.

Collins, showing tremendous strength in South Florida and polling a victorious win in Tampa Bay area, decisively defeated Acting Gov. Charley E. Johns.

Collins must go through the motions of running against Republican J. Tom Watson of Tampa in the November general elections. However, this is merely a formality in this state which is solidly Democratic in governorship contests.

Cinematic Chatter

By Malcolm Miller

Hello everybody! When Chuck Connors kissed Virginia Mayo in a recent movie he knew he had made a wise choice. Born in Brooklyn, April 10, 1921, he was a star athlete at Adelphi Academy and later, after winning a scholarship, he played basketball and baseball at

Seton Hall College on its championship team. He left school in 1942, to join the Norfolk, Virginia baseball team. Connors knew that he soon would be in the army and wanted some pro ball experience to help him get started in baseball after the war. He played two months and then enlisted in the army. On leaving the army after the war Connors played ball for Montreal, where he met and married Elizabeth Jane Riddle. When his contract was sold to Chicago, the Cubs sent him to Los Angeles. Baseball-wise he started looking for a new career and his impressive six-foot, five inches height and rangy appearance made him a natural for the movies. He appeared in a number of small parts, but he hadn't definitely decided to change careers until Warner Brothers signed him to appear in "Trouble Along The Way", opposite John Wayne. His success in that picture is evidenced by the studio signing him to a long term contract and putting in one picture after another. After the kiss scene with Virginia Mayo was completed Connors was heard to mutter, "Boy I sure knew what I was doing when I gave up baseball!" See you at the movies—Mal.

Belcher Tells Lions Of Caribbean Trip

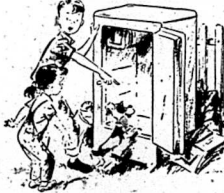

Bascom A. Belcher, agronomist in charge of the USDA Sugar Cane Breeding Station at Canal Point, was guest speaker at the dinner meeting of the Canal Point Lions Club in the Community Park building Monday night.

Introduced by the Rev. B. William Palmer, program chairman, the speaker told of his trip for the U. S. Department of Agriculture to sugar cane-producing countries of the Caribbean and Central America to examine sugar cane varieties being grown in those countries. An important stop on his trip was at the Inter-American Experiment Station in Costa Rica which is operated jointly by Latin-American Countries, and the United States, each country contributing to the

Start Drive to Destroy Discarded Iceboxes, Refrigerators and Freezers

Summer vacation is coming and the kids soon will be out of school. It's a nice thought for millions of boys and girls—but it is a time of increased responsibility for parents and others who look to today's happy children as the mature guardians of a much more complicated tomorrow. For some of our playful youngsters may not be around tomorrow unless sincere and wholehearted coopera-

tion is given to a campaign being launched by the National Safety Council, with the support of the National Electrical Manufacturers Association.

This program, aimed at protecting the lives of innocent, but unthinking, children, calls upon every owner of a discarded icebox, refrigerator or food freezer to render such attractive hiding places harmless before it is too late. During the last six years,

79 children, ranging in age from 2 to 12, have died in abandoned airtight boxes.

The cause of these deaths, which involved 59 boys and 20 girls, is a matter of grim statistics. They simply suffocated when the small amount of air in their "prisons" became exhausted. There was no way to get out. No one could hear their calls for help. How did they get in? For several seasons. Some were just exploring or hiding from other children. Others were put into these boxes as part of a game. A few were locked in by older children who wanted to scare younger boys and girls. Unfortunately, many were released too late or were entirely forgotten as play shifted to other places or more exciting games.

Approximately 3,000,000 iceboxes, refrigerators and freezers are abandoned annually in vacant lots, on back porches, in basements or other locations. There is only one sure way of dealing with them—remove their doors and tops, or at least take off the latches. Removing doors and tops is best because small, panicky children might find it impossible to lift the heavy top of a chest-type freezer or to open the doors of upright freezers and refrigerators, when the latter are placed on their backs, even though the latches are missing.

Now, a word to parents. Know where your children are playing. Keep reminding them about the hazards of getting into discarded airtight cabinets. And dealers—guard the lives of the children of your communities; destroy those traded-in boxes if you can't sell them promptly. Or, remove the danger by removing the doors.

cost of operation in proportion to its population. He illustrated his talk with colored slides showing scenes in Costa Rica, Panama and Cuba.

Oseola Upthegrove, president of the club, was able to be present at the meeting for the first time since he underwent eye surgery at a West Palm Beach hospital a few weeks ago. It was announced the installation of President Upthegrove and other newly elected officers will be held during the dinner meeting May 31. Delmar L. Hooks, retiring president, presented Duncan Padgett, Coach Webb

Pell and W. A. Slaughter, all members of the Pahokee Lions Club, were visitors. M-Sgt. Baldwin, USAF, was the guest of Sgt. Arnold Heldt.

FIRST GRADERS INVITED

Mrs. Burr's first grade in Canal Point invites those children who will begin school in September to visit their classroom Tuesday, June 1st from 9:00 to 10:30. The county nurse wishes to meet with the mothers of these children at 10:00.

Progress Is Shown Mayaca Cemetery

Steady progress has been made in the improvement of the Port Mayaca Cemetery since its operations was taken over several months ago by the Tri-City Cemetery Commission, according to Frank Thompson of Pahokee, supervisor.

As part of the beautification program planned for the cemetery, with Garden Club groups of the Glades area cooperating, 150 royal palm seedlings will be planted on the cemetery grounds this summer after the rainy season gets well under way. These palms were propagated and donated to the cemetery by Mrs. Harry M. McIntosh, past president of the Pahokee-Canal Point Garden Club.

Storage bins have been built for sawdust and muck which is mixed with the natural sandy soil of the grounds for the growing of ornamental shrubs, flowers and trees. The drainage ditches for the control of flood waters have been cleaned and deepened.

At the present time the commission is negotiating for 13 acres of land urgently needed for enlarging the cemetery grounds, Thompson said. The commission, made up of Walter Ashley of Belle Glade, chairman, S. J. Fisher of South Bay and Louis Mims of Pahokee, with City Clerk Dorothy Graham of Pahokee serving as secretary, will conduct its next meeting Monday night, June 7.

Merit Badges Are Given Boy Scouts

Seven members of Pahokee Boy Scout Troop 28 received a total of 51 merit badges at the troop meeting in the pavilion at the Pahokee city park Thursday night of last week.

The presentation of the merits was made by Scoutmaster Edward K. Carter as follows: Trip Alderman, 15; Harry Sheppard, 9; Leon Beede, 9; Joe Beverly, 6; Larry Beede, 5; Earl Kelly, 4, and John Usher, 3. Troop 28 is sponsored by the Pahokee Lions Club.

"High-Priced" Mistake

Maybe you noticed the big "ad" Red Smith's Furniture Store ran in *The Clarion* last week.

One item caused some embarrassment around here. It read: "4-piece Bedroom Suite, regular price \$119.50, bargain price \$119.50." Guess I didn't "proof-read" too well, and when our pressman asked for the go-ahead, I yelled, "Let 'er go."

All kinds of jokes about the mistake. One fellow asked if Smith's was holding the price line so tight it just snapped. Turned out fine in the end—Red

sold that suite for the real sale price, of course.

From where I sit, it's lucky my carelessness didn't cost Red any business. I'm the one who's always "experting" on being careful—careful of our responsibilities, careful of our neighbors' rights. Even careful to respect the other fellow's preference for a glass of beer. Let's all make a bargain to be more careful in the future.

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 ... a \$37.50 Bond will be worth \$67.34 ... and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25¢ a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 ... in 9 years and 8 months, you'll have \$2,850.70 ... and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

**If you want to be paid
your interest as current income—
invest in 3% Series H**

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

Christian Science Group Of Canal Point

That evil cannot withstand spiritual understanding of God's goodness and all-power will be brought out at the Christian Science service on Sunday.

The subject of the Lesson-Sermon is "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism. Denounced." Biblical selections include Christ Jesus' warning about the mental nature of evil: "For out of the heart proceed evil thoughts, murders, adulteries, fornications, thefts, false witness, blasphemies: These are the things which defile a man:" (Matthew 15: 19, 20 to :).

The following passage will be among those read from "Science and Health with Keys to the Scriptures" by Mary Baker Eddy: "Passions, selfishness, false appetites, hatred, fear, all sensuality, yield to spirituality, and the superabundance of being is on the side of God, good (201:8).

The Golden Text is from Romans: "Be not overcome of evil, but overcome evil with good" (12:21).
